

The Poster Session

A Study Jam for the Media Team — Report

Event Name	The Poster Session
Organized By	TinkerHub SBCE Pattoor
Date	30 & 31 August 2026
Time	8:00 PM – 9:00 PM
Venue	Online

Event Overview

The Poster Session was a Study Jam conducted for the TinkerHub Media Team on 30th and 31st August 2026, from 8:00 PM to 9:00 PM through Google Meet. The session was organized as a collaborative learning space for the members of the Media Team to come together and engage with the topic of poster creation.

The session provided participants with an opportunity to explore ideas related to creating effective posters and presenting visual information. Through the online session and screen-sharing activities, participants were able to follow the content being discussed and engage with the learning process.

The Study Jam brought together members of the Media Team in an interactive online environment, encouraging collaboration, participation, and the exchange of creative ideas. The session contributed to strengthening the team's understanding of visual communication and the role of effective poster design in media-related activities.

Objectives

- To provide the TinkerHub Media Team with a collaborative space for learning and discussion.
- To help participants understand the importance of effective poster design and visual communication.
- To encourage creativity and the exchange of ideas among Media Team members.
- To promote collaborative learning through an interactive online session.
- To strengthen the skills required for creating engaging visual content.

Outcome

- Participants gained a better understanding of the importance of posters in visual communication.
- The session provided an opportunity for Media Team members to exchange ideas and learn collaboratively.
- Participants were encouraged to approach poster creation with greater creativity and attention to visual presentation.
- The online format enabled members to participate and engage with the session remotely.
- The Study Jam contributed to strengthening the creative and collaborative environment within the TinkerHub Media Team.

Conclusion

The Poster Session successfully provided the TinkerHub Media Team with a platform for collaborative learning and creative discussion. Conducted online through Google Meet, the Study Jam brought members together to explore the role of posters and visual communication in media activities.

The session encouraged participants to learn, share ideas, and engage with the topic in a collaborative environment. The active participation of the members contributed to making the Study Jam a meaningful learning experience and further supported the creative spirit of the TinkerHub Media Team.
