

Thattiyum Muttiyum

TinkerHub Community Meetup — Event Report

Event Name	Thattiyum Muttiyum
Organized By	TinkerHub SBCE Pattoor
Date	29 July
Time	2:00 PM – 4:00 PM
Venue	Civil Seminar Hall, SBCE

Event Overview

Thattiyum Muttiyum marked the first-ever TinkerHub Volunteer Community Meetup at SBCE. The session was organized with the aim of bringing together volunteers, helping them connect with one another, and introducing them to the TinkerHub community and its vision. More than just an introductory session, the meetup was designed as a community bonding event where volunteers could spend quality time together, build friendships, and strengthen their connection with the TinkerHub family.

The event began with a series of fun and engaging ice-breaking games that encouraged participants to interact and become comfortable with each other. These entertaining activities created a lively and energetic atmosphere, helping volunteers overcome initial hesitation and making it easier for everyone to communicate and participate actively throughout the session.

Following the games, the organizers gave an introduction to TinkerHub, its vision, mission, and the opportunities it offers for students to learn, build, collaborate, and innovate. The Executive Committee (ExCom) members were then introduced, along with their roles and responsibilities within the community.

Participants had the opportunity to meet and interact with volunteers from different teams, including the Documentation, Media, Design, and Programs & Events (P&E) teams. Team members discussed their responsibilities, ongoing activities, workflows, and future plans, giving everyone a clear understanding of how each team contributes to the community.

One of the major highlights of the meetup was the opportunity to interact with fellow volunteers and make new friends. Participants spent quality time together, shared experiences, and strengthened the sense of belonging within the TinkerHub community.

"Communities grow stronger when people connect, collaborate, and create together."

Objectives

- To bring together TinkerHub volunteers in a friendly and engaging environment.
- To introduce volunteers to TinkerHub's vision, mission, and community culture.
- To encourage networking, collaboration, and meaningful friendships among members.
- To familiarize volunteers with the Executive Committee and the responsibilities of different teams.
- To inspire active participation in future TinkerHub initiatives.

Event Highlights

ExCom members addressing the volunteers

Team discussions among volunteers

Ice-breaking activity with the group

Session introducing TinkerHub's vision

Volunteers bonding in small groups

Participants engaged in the ice-breaker

Outcome

- Successfully conducted the first-ever TinkerHub Volunteer Community Meetup at SBCE.
- Created a welcoming, inclusive environment for volunteers to interact and build friendships.
- Introduced participants to TinkerHub's vision, mission, and community culture.
- Familiarized volunteers with the Executive Committee (ExCom) and their respective roles.
- Clarified the responsibilities and workflow of the Documentation, Media, Design, and P&E teams.
- Encouraged collaboration, networking, teamwork, and active participation among members.
- Strengthened communication and coordination between volunteers across different teams.
- Fostered a strong sense of belonging and community spirit within TinkerHub SBCE.

Conclusion

Thattiyum Muttiyum was more than just a volunteer meetup; it was a successful initiative that brought together the TinkerHub SBCE community in a fun, engaging, and collaborative environment. Through interactive games, informative sessions, team discussions, and informal conversations, the event helped volunteers build friendships, understand the vision of TinkerHub, and gain clarity about their roles within the community.

The enthusiastic participation of the volunteers and the positive atmosphere throughout the meetup made the event a memorable experience. It successfully strengthened the volunteer network, encouraged collaboration among different teams, and laid a strong foundation for future TinkerHub activities, reflecting the true spirit of learning, innovation, teamwork, and community building.
