

Introduction to Ethical Hacking

Ethical Hacking & Cybersecurity — Report

Event Name	Introduction to Ethical Hacking
Organized By	TinkerHub SBCE Pattoor
Date	24 September 2026
Time	8:00 PM onwards
Venue	Online

Event Overview

TinkerHub SBCE Pattoor conducted an online session titled **Introduction to Ethical Hacking**, featuring **Sukesh S, Founder of AstroLabz**.

The session introduced participants to the fundamentals of ethical hacking and cybersecurity, with a focus on how security professionals identify and understand digital vulnerabilities.

The session also provided an opportunity for students to explore cybersecurity concepts through practical demonstrations and discussion.

Objectives

- To introduce students to the fundamentals of ethical hacking and cybersecurity.
- To help participants understand how security professionals identify and study digital vulnerabilities.
- To provide exposure to practical cybersecurity concepts and demonstrations.
- To encourage students to explore the field of cybersecurity in an ethical and responsible manner.

Event Highlights

Official event poster of "Introduction to Ethical Hacking"

Participants attending the online session

- Participants were introduced to the fundamentals of ethical hacking and cybersecurity.
- The session provided exposure to how security professionals approach digital vulnerabilities.
- Participants gained practical context through demonstrations and discussion during the online session.
- The session encouraged students to explore cybersecurity and ethical hacking further.

The Introduction to Ethical Hacking session provided students with an engaging introduction to ethical hacking and cybersecurity. Featuring Sukesh S, Founder of AstroLabz, the session connected fundamental cybersecurity ideas with practical examples and demonstrations.

The event offered participants an opportunity to learn, explore, and develop a clearer understanding of ethical approaches to cybersecurity and digital vulnerability assessment.
